

- Que-1 Explain types of cutting tool with example?
- Que-2 Explain various force components in the chip?
- Que-3 Explain types of chip in appropriate way?
- Que-4 Explain types of tool wear?
- Que-5 What are cutting & its material explain?
- Que-6 Explain additive manufacturing & rapid tooling?
- Que-7 Explain cutting fluid its role in mf.?
- Que-8 Explain welding techniques?
- Que-9 Explain Soldering & Brazing?
- Que-10 Explain solid & liquid state joining?
- Que-11 A Short Note for given points.
- |              |                        |
|--------------|------------------------|
| (a) Turning  | (b) Milling            |
| (c) Drilling | (d) Finishing process. |
