CAMPUS AT - KANPUR & ALIGARH

VISION GROUP

Vision Group is a conglomerate including Education Institutions, and Companies with strong presence in Market Research (Vision Research & Management Pvt. Ltd), Insurance Training (NIMS), Insurance Brokerage (VIRAM Brokers Pvt. Ltd) , Hospitality Sector (Hotel Kanishka) and Construction (VSN Infrastructure Pvt. Ltd). We have educational campus at Kanpur and Aligarh, running AICTE & UGC Approved Programs.

For complete details refer to 'Program Details' Section or visit our website.

Our Vision

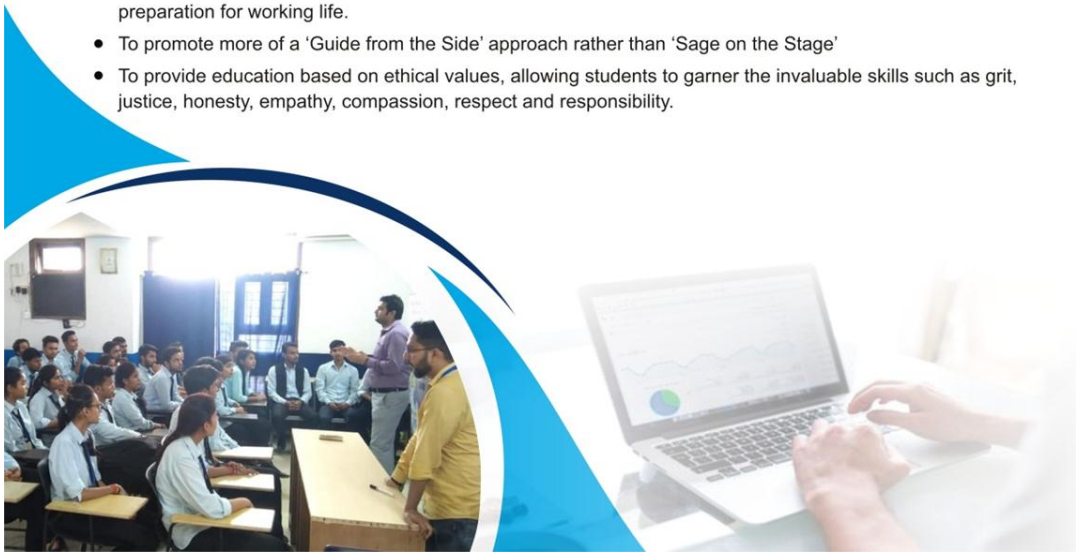

We have taken it as our solemn undertaking to inspire and develop the last child sitting on the last bench. To allow her to own a dream, a vision, of having individual space in the world. The very purpose of our existence is to ensure no student feels invisible in our campus; all get proper respect and walk on the path towards achieving their dreams.

We have taken a solemn oath to develop individuals through an education based on ethical values, creative teaching, and individual mentoring. We facilitate an academic environment which is congenial for continuous learning and team work. A stepping-stone preparing students for a work place with acumen and respect towards research and innovation. To place where role of teacher and student intermingle, allowing all to understand the essence of education and learning; creating better human beings for the society on whole.

Our Mission

We take it as our mission to develop educational institutes which cater to our vision of imparting holistic and fruitful education. This includes the below

- To make research, innovation, and lab work a sacrosanct part of the education system.
- An impart education which cultivates knowledge and skills valued by employers, leading not only to a better employable graduates or post graduates, but even allowing students to be job creators in the long run.
- To ensure inspirational and creative teaching, encouraging students to assimilate and apply the acquired knowledge without any fear of failure.
- Maximize the learning value-add to students from entry to exit, ensuring holistic development.
- Assimilate proactive employer and industry engagement, allowing students necessary exposure and preparation for working life.
- To promote more of a 'Guide from the Side' approach rather than 'Sage on the Stage'
- To provide education based on ethical values, allowing students to garner the invaluable skills such as grit, justice, honesty, empathy, compassion, respect and responsibility.

ABOUT US

Both Aligarh & Kanpur Campus of Vision Group of Institutions were founded in 2009. Over the last 12 years of its existence, the Institute has created an impressive reputation for itself. The campus has been designed envisaging a safe and secure place for all students. We ensure adequate infrastructure is available which is necessary to allow students to develop their skills and abilities.

MORE THAN A CAMPUS

Vision Group of Institutions fosters a culture of empowerment and makes space for creativity, backs innovation, and welcomes with open mind unconventional ideas. Education at VIT is inseparably linked to research & innovation at the highest level. All academic members play a part in educating students and try to involve them in their research-based projects. The environment here is characterized by sustainability, not only in education and research, but in all aspects of college

EMERGING TECHNOLOGIES

Vision Group is extremely pleased to be among the first AICTE approved colleges of UP to start **B.Tech (Artificial Intelligence & Machine Learning), B.Tech Internet of Things (IoT) & B.Tech (Data Science)** from Session 2020-21

- Past few years have brought astonishing developments in science & technology which allow us to understand the laws of nature- from vast universe to sub-atomic particles. However, time doesn't stand still for anyone and even while you read this ground-breaking innovation are taking place round the world.
- Today, we are witnessing an unprecedented change in the exponential technologies where legacy skills, tools and technologies have become obsolete. New-age digital professionals proficient in AI, IoT are being called upon to enter the talent workforce – with a new set of skills. These Emerging Technologies are already impacting the business and the world we know as never before. Today it is more important than ever to try to master them.
- One of the core competencies of the Indian technology workforce has been its ability to onboard new talent at a rapid pace. Now, organizations will be deeply tested as they attempt to respond to a changing landscape over the next decade.
- We at Vision Institute of Technology are giving special emphasis on preparing students in these technologies. While Certification Courses and Advance Modules are available to allow student to understand these, the students are also encouraged to adapt to these changes and use them extensively in their Seminars, Technical Papers & Projects.
- Keeping in view with the above, Vision Institute of Technology will start three new branches of B.Tech from the academic session 2020-21

B.Tech (Artificial Intelligence & Machine Learning)

B.Tech Internet of Things (IoT)

B.Tech (Data Science)

Besides the new Branches, we are taking adequate steps to incorporate the study and implementation of Emerging Technologies in the existing core branches also. We have prepared a special Advance Technology Lab to allow students of all branches to understand these new technologies.

VIM Story

Having nurtured human talent into proactive professionals for the last 10 years on the basis of the guidelines obtained from the best corporate leaders from India and abroad, VIM is one of the few management institutes in the state that not only understands the changing needs of the industry and its expectations from the new age management professionals but also trains the budding managers with strong environmental sensitivity. Because of its close association with some of the top most business schools of the country and of the world and because of its strong liaison with the industry, the institute enjoys the privilege of receiving the right blend of inputs from the academia and the corporate. The mentorship programme of the institute enables VIM to provide individual attention to each student, thereby focusing on and enhancing individual strengths, honing the right kind of managerial skills and attitudes and chiseling out vibrant and effective professionals. The corporate attachment programme initiated by VIM, provides an opportunity to the students to work with the practicing managers and handle real life situations and managerial challenges.

TRAINING & PLACEMENT CELL

► INTRODUCTION

The Placement Cell plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the college by keeping in touch with reputed firms and industrial establishments. The Placement Cell operates round the year to facilitate contacts between companies and graduates. The number of students placed through the campus interviews is continuously rising. On invitation, many reputed industries visit the institute to conduct interviews.

We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record breaking placements itself is a testimony to our quality. Our ingenious alumnae have set new standards in the corporate world through their estimable contributions and it is my firm conviction that we will continue that legacy in the years to come.

The Placement Cell organizes career guidance programs for all the students starting from first year. The cell arranges training programs like Mock Interviews, Group Discussions, Communication Skills Workshop etc and it also organizes Public Sector Exam Training for students who are interested to join Government Sectors. It also invites HR Managers from different industries to conduct training programs for final year students.

► OBJECTIVES

- To assist students to develop/clarify their academic and career interests, and their short and long-term goals through individual counselling and group sessions
- Maintaining and regularly updating the database of students. Maintaining database of companies and establishing strategic links for campus recruitments.
- Gathering information about job fairs and all relevant recruitment advertisements.
- Coordinating with companies to learn about their requirements and recruitment procedures
- Identifying the needs and expectations of the companies to assist them in recruiting most suitable candidates.
- Organizing pre-placement training/workshops/seminars for students.
- Arranging periodic meetings with Human Resources Department of companies and TPO's to promote recruitments.
- To assist students for industrial training at the end of the fourth and sixth semester.
- To provide resources and activities to facilitate the career planning process.
- To act as a link between students, alumni, and the employment community.
- To assist students in obtaining placement in reputed companies.

► CAREER DEVELOPMENT PROGRAMS ORGANIZED BY TRAINING AND PLACEMENT CELL

- Personality Development Program
- Communication Skills Program
- Group Discussion Practice
- Entrepreneurship Development Program
- Mock Interview Sessions
- Public Sector Competitive Exams Training
- Industry Internship Programs

PLACEMENTS DRIVES 2019-20

MILLBORN SWITCHGEARS PVT. LTD.

Vision Kanpur Campus organized a placement drive of Millborn Switchgears Pvt. Ltd..

PRE - PLACEMENT ACTIVITIES

Placement, either through campus selection or otherwise, is one of the most important aspect of any student's life. Whereas it is a continuous endeavour of the Training & Placement Cell to arrange campus recruitment drives of established companies, it is vital for a student to be prepared to be selected in these drives. Selection process are often elaborate comprising of written tests, group discussions and interviews.

Student needs to be adequately prepared to handle these efficiently. Similarly, a student also needs to be assured that rejection is a part of life and cannot be allowed to be demotivated in case not selected.

At Vision Campus, we arrange frequent motivational and counselling sessions for the students. We have even tied up with few top companies to arrange such workshops for the students. In the academic session 2019-20 we arranged one such four days' workshop of Barclay's which had elaborate preparations for jobs.

Similarly, we cannot ignore the relevance of mental aptitude build-up required to succeed in job. Professional Environment is something completely different from student life and a student must be gauged to shape as per the job requirements. All the above come under ambit of Pre- Placement Activities. Students are constantly motivated through counselling, to boost their morale. Students are also informed and advised on the importance of maintaining good academic scores as

these play a major role during recruitment.

The Cell helps students improve their academic scores through a series of programs and workshops. Seminars and workshops are organized by the HRD to provide relevant technical training. A good academic score sheet and technical fundamentals is only one aspect of the recruitment process. Organizations today employ unique techniques during recruitment to ensure that those hired will meet its requirements. The Placement Cell recognizes these techniques by interacting with the industry and prepares students for them.

Training & Placement Cell conducts group discussions and workshops on a series of recruitment techniques. Students are trained to develop their skills to handle interviews in the best manner possible. Mock tests are conducted, and group discussions and workshops are arranged on a series of recruitment techniques. Students are trained to develop their skills to handle interviews in the best possible manner. Mock tests have been made mandatory and other industry-relevant evaluation procedures are followed. In

addition, the Placement Cell helps students improve their communication and presentation skills.

STUDENT TESTIMONIALS (2019-2020)

Campus placements are always looked upon as an opportunity to grow, learn, advance, understand and imbibe the growing minds towards an intellectual career of students. The creativity and its roots to grow up as a responsible individual with putting up all efforts in a schedule parameter to learn and leap the circumstances which come across every student.

We at Vision Institute of Technology get acknowledged by students for pre placing them into various corporate, industries and mnc's. This is a true investment of time and resources of student to know its potential and putting up hard work towards achieving the goal. The student gets embossed with interview preparations tips, pdp sessions, group discussion rounds and which overall helps in competing with his/her batchmates.

This is a small appreciation corner given by students thanking his/her mentors, guide who helped them in achieving their goals and making a successful story. Here is a glimpse of it!

I got placed in AXIS Bank as DIGITAL OFFICER(DO) where in I would like to thank training and placement cell with enormous trust shown by Vaishnavi Maam in me during crucial speck of hour. I appreciate the guidance of my Mentors who cleared my doubts and help in resourcing me, my potential and capabilities. This is a token of THANKS to all my Mentors, Well-Wishers and my Parents- Without whom things won't have turned up!

Mohini Singh MBA, Final Year

My journey in these four years has been splendid with enormous efforts, guidance and a contingent mentorship in laying down with bagging placement in two companies and achieving preplacement in Royal Enfield and Wioska Molding which carries a true investment of time and hard work which is speechless.
